

THEVA N°3-D

Product sheet

MADE IN
FRANCE

Theva N°3-D is the reference Home Cinema loudspeaker from the Theva range. In combination with front channels and a vertical channel, this loudspeaker spatialises all your listening experiences in the most spectacular way. Thanks to the speaker driver located on the top, the sound waves are reflected off the ceiling to reproduce 3D Dolby Atmos® sound effects. With Theva N°3-D, dive head first into the films you watch!

Key points

- 3-way floorstanding loudspeaker, Dolby Atmos® compatible
- Full-range speaker driver with directional baffle for Dolby Atmos® effects, as though you had speaker drivers in the ceiling
- Directional baffle for accurate and localised Atmos® effects
- Slatefiber technology for immersive and dynamic Home Cinema sessions
- Better sound image thanks to Time Alignment; sound focused on the listener
- Refined design
